

Homeland Tyes

BACKGROUND

Homeland Tyes is a Minnesota non-profit organization that was incorporated in January of 2025.

ORGANIZATION

We are a membership-based group whose revenues come from dues, grants, merchandise sales and donations. Our officers and staff are all volunteers.

MISSION

Since 1820 over 6 million people from Ireland have emigrated to the United States. The fabric of the United States has been forever enriched by the skills and character of these immigrants. In some small way we hope to thank Ireland for these inherited riches by identifying and completing “repayment projects” in The Republic of Ireland. Our intent is to have these activities enhance housing conditions, reduce food insecurities in underserved communities and rehabilitate selected cultural sites, including Holy Wells throughout the country.

FUTURE PLANS

For the next three years we will rent properties to establish our Ireland office and have lodging for our volunteers. By November of 2027, we plan to have a permanent location in Ireland that will be sufficient for office and storage facilities and provide lodging for our volunteers.

CONTACT INFORMATION

For additional information about us go to homelandtyes.org. If you’ve experienced Irish hospitality, please join our organization, or donate or both. If you have specific questions about our organization, please email us.
